One of the characters in SHE is SHE is wearing a shirt that says, “Don’t Erase Women”. We live in a culture that tells us that our “gender is fluid.” It says that if we feel that we are not biologically the gender that we’re created with, we can somehow change that. We can’t. Our gender/sex are determined at conception. It’s in our DNA and results in thousands of biological differences between females and males. When we deny God-given design, the identity of Christ in each of us is brought into question. Since God’s design is not accidental, how do we answer a culture fails to see His intentionality? We must understand what both the Bible and science say to counter the distortions. ***It’s important that we seek truth for these pressing cultural questions.*** Completing the following will help to find those answers so you can share with others:

A

The Bible has a lot to say about how and why God created us. God designs everything with a purpose. Choose a Bible verse from the page titled, What does the Bible Say?

- Write out or share with someone the verse you have chosen.
- Share why the verse you chose is important to understanding that God created you as a female.
- Include how this Bible verse helps you understand that we have purpose and are special the way God created us.

2 B Spend time on [ShelsShe.com/resources](https://shelshe.com/resources). Under our More Resources Tab choose one resource from one of the following categories. Share something that you didn't know before from one or more of these resources. Check out the sections labeled:

- Articles
- Videos
- Books
- Apologetics
- Research
- Sources of Help

C **Optional: Choose one question from below and write out a well thought out answer that reflects a Biblical worldview.*

- What does it mean to be transgender?
- Why are puberty blocking drugs so dangerous?
- How has the LGBT activism influenced the culture when it comes to sex and gender?
- How can we *love every human being, not every human doing*? What are some examples of living this out?

3 B On the page that states, "She's a doctor.", the woman doctor is performing an ultrasound. Take some time to understand and share what an ultrasound is and how it helps us understand new life. Please write your thoughts down and share them with someone.

- Why is this technology so powerful?
- What does an ultrasound confirm?
- Read Jeremiah 1:5. How does this verse relate to what doctors can see in an ultrasound?

C Choose one of the following quotes from SHE IS SHE and write a reflection essay. Include what the quote means to you. How can you share this concept with others?

- *"To every girl out there...you are precious. God designed you beautifully and uniquely. Whether you are a princess or whether you're a warrior (or if you're a princess warrior), love who you were created to be."* Quote from the Dedication Page.
- *"When your identity is rooted in Christ, it won't be uprooted by everything else."* Quote from the final page of She is She.
- *"When she is she, she is free to be who God meant for her to be."* Final pages of the She is She story.

D Take some time to research DNA. Either write an essay or a short recap of what you have learned. Find someone to share your findings with.

- What is DNA?
- How does female DNA differ from male DNA?
- Is human DNA different from animal's DNA?

**Optional: Watch an ultrasound online (see <https://youtu.be/xvf05rCmouk> or on Facebook at <https://www.facebook.com/watch/?v=1645060345673006>). The 4D ones are incredible (see <https://www.youtube.com/@infantsee4dultrasound624/videos>).*
